4.01 Drink To Me Only

For the transformation of alcoholic beverages. Alchymeically enhancing the bouquet, balancing the acid pH and negating any lingering effect of the alcohol on the body-mind. Softening the taste and improving the gradation. Alcohol touched with the Divine Hand.

12.01 The Long And The Short Of It

This write-up may be found within 'The Chone Letters'.

19.01 Shake It Shake It

This write-up may be found within 'The Chone Letters'.

27.01 Amber

The sap of a tree from long ago. Its ancientness brings with it its purifying force. Sap being like the blood flow of the body, its energy allows for a purifying, absorbing, healing effect on the bloodstream.

27.02 60+ Amino Acids

The body usually has 20 amino acids available as its building blocks for the thousands of proteins required in the body's function. This energy allows the possibility of another forty artificial amino acids. Obviously this provides a profound benefit for the body's repair, regeneration and capacity to deal with the evolutionary state at this time.

27.03 Apple

The essence of Alchymeic Apple is for neutralising any overly acidic condition of the body. Thus, this energy would be useful to any digestive imbalance created by poor diet, stress, ulcers etc.

27.04 Aspirin

One of the most enduring and successful drugs developed by man. Aspirin has been used as an anti-inflammatory, anti-coagulant, anti-pyretic (for fever reduction) and analgesic (for pain relief). The essence of this alchymeic energy is useful to aid in all of these conditions without creating the negative side effects that unfortunately became part of the history of Aspirin.

28.01 Black Obsidian

This write-up may be found within 'The Chone Letters'.

28.02 Blue Diamond

"Heals all aspects relating to the head." (Jessa O' My Heart)

An energy useful for bringing clarity to the brain-mind and allowing a greater opening for higher conscious mind development and evolution.

29.01 Cortisol

Cortisol is the principal hormone produced by the adrenal cortex. Its main function is the metabolism of sugar, protein and fat, thus raising the blood sugar level of the body. This alchymeic essence is particularly intended for the purpose of balancing blood sugar levels to optimise fat distribution. Also useful as a kick-start in the morning as there is an increased production of cortisol in the wake-up mechanism of the body.

31.01 Emerald

"Brings acid-alkali systems into harmony and eliminates fatigue toxins." (Jessa O' My Heart).

Felt as a green infusion into the body as a soothing, cooling, healing current.

33.01 Glycogen

One of the principal forms of stored energy in the body is Glycogen. It is the vital form of brain food and is stored in the liver and muscles. The state of the usual body at this time usually has a glycogen shortage from poor diet and stress, thus this vial provides essential brain and muscle food for the body.

33.02 Gold

This write-up may be found within 'The Chone Letters'.

34.01 Hormones

Hormones are chemical messengers that help determine the way the body functions. They are the regulators and appear in tiny quantities but are responsible for growth, controlling the body's temperature thermostat, and sexual development to name a few. This alchymeic energy stimulates hormone function.

35.01 Idealised Crystal Fog

Crystals have a programming effect on the body-mind. This energy allows us to keep our attention clear and focused and is designed to clear up all crystals, even those still in the ground.

35.02 Insulin

Insulin is a hormone produced by the pancreas and controls the sugar levels within the blood. It is essential for insulin to be present in the blood because without it cells cannot absorb glucose. Too much prevents fat metabolism, too little produces sugar diabetes. This energy moves to correct the levels of insulin in the body.

39.01 Minerals

The essence of this vial is to provide us with a source of essential minerals necessary for the nourishment of the body.

40.01 Novel Protein

Protein is made up of amino acids. Consider this... if you had more amino acids (60+) than required to make the proteins we now use, the excess amount of protein, would be called *Novel Protein*.

44.01 Ruby

This write-up may be found within 'The Chone Letters'.

45.01 Salt

Salt, Sulphur and Mercury, these three are the basic alchymeic elements. As Christ died on the cross, all the blood drained from his body and Salt remained. Sulphur the Fire, Mercury the Spirit.

45.02 Sapphire

This write-up may be found within 'The Chone Letters'.

45.03 Serotonin

This energy is dealing with allowing greater nerve flow to the brain as well as dilating blood vessels, allowing more nourishment to reach the brain. Serotonin creates flow across synapses in the nervous structure. It regulates metabolism of central nervous system, a neuro-transmitter of mood, it regulates the amino acid tryptofaine. People say that it is good for weight loss.

45.04 Shark Oil

Remembering that sharks haven't changed for millions of years, their ancient structure has a stabilising effect. It is a lubricator for the joints and cartilage. There are a lot of stem cells in Shark Oil.

45.05 Silicon

"Brings strength and subtlety of form to the body, making it fit for graceful movement, leading to greater integrity of the human form and *Healing* all the weakness of the tissue structures." (*Jessa O' My Heart*)

The locus of attention of this vial is not the ordinary pattern of compound. It is designed as a diffraction pattern of elements, thus intensifying the elements. It removes the death and constructs the elements towards consciousness, whereas the elements as we know them hold the structure of unconsciousness.

46.01 Telomerase

This write-up may be found within 'The Chone Letters'.

The Fountain of Youth! The energy of this is related to aiding the caps on the DNA to have more integrity, thus not breaking up in the nucleus. It helps the cells to continue with their process of cell division for a longer period, or beyond their usual life span.

49.01 Wheatgrass

Like Apple, Wheatgrass, green in colour, has a profoundly neutralising effect on any overly acidic condition of the body, eg. tiredness, stress, exhaustion etc. Also stimulates the digestive system.

49.02 White Diamond

This write-up may be found within 'The Chone Letters'.

W4.1 Direct Marketing Wizard

This write-up may be found within 'The Chone Letters'.

W5.1 Editorial Wizard

“Perhaps this should have been called ‘editing for dummies’, which is revealing the most beneficial lay-out for material and font presentation. It aids the dummie speller at least with the faint recognition that a word is spelt wrongly and grammar is unusually distorted with split infinitives for example. Hopefully over time a useful editorial creature may emerge from behind piles of disordered papers, that we are inclined to call the towers of terror.” (*Jessa O’ My Heart*)

54.03 Brain - Blood Circulation

54.04 Brain Gap

This energy is dealing with the failure to recognise what it is you are dealing with i.e. the failure to penetrate the obvious.

54.05 Brain Tuner

Based on a machine, this energy enables us to tune the brain that has created all sorts of diseases and malfunctions within the body, as all dis-ease comes out of our own psyche.

55.01 Cell Nucleus

Much disease and disease memory is locked within the cell nucleus. This energy directs its focus or attention to the cell nucleus in order to drive viruses out.

This energy turns the DNA right-side up. It brings conscious change to the: 98% of DNA that is garbage, 98% not serving garbage, 98% self-conscious. There are 300 billion combinations available and only 6 billion combinations used, that is 2%, the rest is garbage.

55.02 Chemical Smog

55.03 Computer Chip

These energies are now a large part of our environment and thus external to our psyche influencing our nervous system. The essence of this computer arises out of the modification of the nervous system. It appears like an external nervous system. this vial forces us to be greater and thus not programmed by the presence of all the computer influenced machinery that exists in our daily life. (When held, this energy becomes a roadway through the spine allowing us to stand prior to the unreal world created by computers.)

55.04 Crab Nebula

The Crab Nebula is the expanding remnant of a star that was seen to explode almost 1000 years ago. This energy brings an expanding point of view. As it enters our field an expanding point of view is felt. (Try with skin and blood.)

55.05 Crossed Blood

This write-up may be found within 'The Chone Letters'.

56.01 Dark Clouds In Scorpius

A dark region of tortured lost souls and they are kept locked in, held back by the pressure of the giant star. Many people feel great relief from terror after using this and some have felt that part of their being has been living there.

56.02 Dark Matter

It is an astronomical phenomenon and is used as a way of accounting for most of the universe that is missing. In spiritual terms, this Dark Matter is reflective of the 98% of the brain that is non-functioning. Using this energy is to enhance this evolution within the human brain, allowing us to remember what we have forgotten.

56.03 Desert Hedgehog

It is a medical term and deals with male reproduction. This wand is about regeneration. This wand heals deals with the sexual organs/legs.

56.04 DNA

Again, 98% of the DNA strands are not used out of 300 million combinations of DNA only 2% are used for the development of the human form, the rest is seen as garbage. From the disposition of Trugh, this unused matter produces the Shadow World. The use of this energy is reversing this process thus again aiding in the evolution of human form into its truly human possibility.

57.01 Ebola

57.02 Epitaph And Face Are One

This write-up may be found within 'The Chone Letters'.

58.01 Father-Grandfather Line

58.02 Flesh For Frankenstein

Being responsible for all our bodily parts.

58.03 Funnel Web Spider

This spider produces one of the world's most deadly poisons. This energy is the penetration and alchymeic transmuting of the negative structure that would create such a poison. When penetrating this poison in consciousness, it reflects the structure of fear in the body and thus throughout the world, being born into mortal form and having forgotten the Vision of God.

59.01 Galaxy M87

The giant elliptical Galaxy M87 in Virgo looks smooth and featureless, however at its core is a massive black hole from which emerges an energetic jet of light. Creates space around us. It is enlivening. A high energy source.

59.02 Geo Radiation

59.03 Glasstron Adaptation

There is an actual product called Glasstron where people watch DVD's or

TV with a set of glasses that they put on called 'Glasstron'. This energy helps us to be greater than this machinery, thus all other forms of virtual reality, e.g. computers and even the 'world'.
